## SUMMARY

An experienced mining engineer who provides comprehensive and calculated risk and cost assessments. Assisted geologists and experienced miners with the construction of mines to achieve practical results. Served as a trainer and supervisor of new personnel in the use of specialized mining equipment and safety procedures. Maintain continuous compliance by staying informed of industry regulations and legislation.

## EXPERIENCE

### Borcelle Structural Solutions

*Junior Structural Engineer / 2015-2019*

- Visit construction sites to collaborate with construction personnel and to ensure compliance with design parameters and regulations.
- Provide technical advice to industrial personnel regarding design, construction, and structural repair.

### Fauget Structural Solutions

*Senior Structural Engineer / 2019 - present*

- Supervise the construction of more than two new buildings and bridges each month. - Presented zoning laws, fire regulations, and building codes to city and county government agencies.
